

EyeOn™

*The Lightweight, Sleek
Portable EyeGaze Tablet*

EyeOn Elite

Includes PowerGrip and BumpGuard for even more battery life, protection and usability

- Two additional hours of battery life - that's more than 10 hours of battery life each day¹
- Easy grip handle for convenient carrying
- Additional input / output ports: USB 2.0 (2) and 3.5mm Switch Jacks (2)
- Built in smart home RF and infrared environmental control functionality and common protocols like Bluetooth® improves versatility
- BumpGuard protective case provides additional durability and protection against accidental damage

EyeOn delivers loud, clear output for speech generating device usage.

Equipped with an active-IR illumination system, the EyeOn provides high resolution imaging day or night.

Built tough, but still lightweight, EyeOn has a 14-inch LCD display reinforced with crystal clear, Gorilla® Glass protection.

The EyeOn platform delivers an accurate and precise eye tracking and eye gaze solution in a sleek, 9.75in x 14.25in tablet that is a slim .72in thick.
